# MUSIC & COMMUNICATION

1.

2.

3.

4.

5.

6.

Certain Fabia accessories can truly enhance your driving experience. These include the Dance and Beat car radios, which will make each journey fly by with pleasure. The portable ViaMichelin navigation device, just like a built-in system, will reliably guide you to your destination. The mobile phone adapter will make sure that you stay in touch with your close ones while on the road.

1. You can fix the portable navigation device **ViaMichelin X-950 T** with a memory card and maps of the majority of European countries to the holder on the dashboard. You can just as easily remove the device and use it outside the vehicle (AAP 770 002, serial preparation 7Q1 which is required for fitting is available from the extra equipment menu).
2. Navigation with a dynamic module makes use of the Koridor function which enables the logging of necessary data to memory and subsequent imaging of the route, even without an inserted CD. This enables you to play music CDs (as well as MP3) while you are being navigated to your destination (AAN 700 002).
3. Car radio **Beat** has AM/FM receiver with RDS, comfort encoding guaranteeing its functionality only in a specific vehicle, 4 x 20W amplifier, CD-changer control function and an outlet for a hands-free set. It offers the option of external analogue audio signal connection (AAO 700 001).
4. Car radio **Dance** is equipped with the same functions as Beat and in addition it has a CD player (as well as MP3), digital signal processor with equaliser and a large-DOT display with parking sensor display option (AAO 700 002).
5. Mobile phone adapter for vehicles equipped with the universal GSM II preparation for telephone with hands-free set (ATC 600 001-OXX - depends on the phone type).
6. Non-original car radio fitting kit (AZO 700 001; in the case that the vehicle has a built-in preparation for a Škoda radio, the AZA 700 001 adapter is required in addition).

## "Listening and information"

A photograph of a car driving on a wet, cracked asphalt road. A large puddle in the foreground reflects the sky, trees, and the car's wheel. The car is a light-colored sedan, and its reflection is clearly visible in the water. The background shows a line of green trees under a bright, overcast sky.

# COMFORT & UTILITY

"From mats to cruise control"

5. Lockable bicycle carrier (LBT 009 003A)
6. Detachable tow bar (EEA 700 001);  
Tow bar electrics (EEA 710 001E4)

"For leisure time"

SAFETY

The new Fabia is a modern automobile equipped with many safety features. When you add Škoda Auto accessories and responsible driving, you can be certain that you have done the maximum for the safety of your passengers and your car. We offer tested child seats for children of all ages, including Isofix Duo Plus Top Tether seats, which can be attached to the rear side seats using a special safety belt (in the event of a head-on collision the forward movement of the upper part of the child seat is limited). Snow chains and front fog lamps will contribute to a safe ride in difficult conditions, while the mechanical drive locking system, the alarm, or the safety bolt set will help protect the car itself.

## "Child protection"

Child seats with the ISOFIX system presently constitute the highest degree of safety as the seat is firmly fixed to the car's body.
