ŠkodaOctavia
Genuine Accessories

YOUR DECISIVE STEP...

If you have already bought a Škoda car, you couldn't have made a better decision. Even in its standard equipment version, your Octavia offers you elements underlining safety and functionality, and also details emphasising the attractive design. We are aware however that your requirements for a car's equipment can be highly specific, because every person or family has an entirely different lifestyle. Therefore we are offering you Škoda Genuine Accessories. With this equipment you can adapt your car to your lifestyle and make it into an original which will conform precisely to your requirements.

In view of the fact that Škoda Genuine Accessories are a logical addition to, and an expansion of the standard and extra equipment, you can be wholly sure that the selected product is intended directly for your car and has been approved by Škoda Auto. The other advantages are: long life, safety, original technical solutions, precision of fit and preservation of your car's warranty. In addition to Škoda Genuine Accessories, each authorised Škoda partner also provides qualified advice and servicing with verified quality.

... ON THE ROAD TO ORIGINALITY

A COMBINATION OF ELEGANCE, DYNAMISM...

Do you long for an original and, primarily, sporty look to your new Octavia? In that case we offer you the styling kit, including front and rear bumper spoilers, boot spoiler and exhaust pipe end piece. The kit for the

Octavia Combi model includes the RS version rear bumper and a roof spoiler on top. If you choose from the offer of alloy wheels, your selection will be complete and, most importantly, right.

WE THINK OF BOTH THE EXTERIOR...

The front bumper spoiler harmoniously develops the design of the front of the car and the covering of all unlacquered parts contributes to even greater compactness, not to mention the highly confident look. (FAA 610 001)

The rear bumper spoiler for Octavia with its proprietary cut-out for the exhaust pipe end piece and with integrated "cat's eyes" (FAA 610 002)

Boot spoiler for Octavia (FAA 610 003)

In addition to an impressive appearance, the styling kit of the new Octavia ensures improved aerodynamic parameters resulting from lower wind resistance. When looking at the rear of the car, several features will attract your attention: boot spoiler, alternatively a roof spoiler on a Combi - suitable especially for the RS model, decorative

exhaust pipe end piece and, last but not least, the "cat's eyes" reflectors in the rear bumper spoiler which reinforce the dynamic appearance of the rear of the car. In addition, they also contribute to the better visibility of the Octavia and thus to increased safety in traffic.

Not only the exterior of your car can be decorated with Škoda Genuine Accessories. A quality leather steering wheel, gearshift handle and a gearshift sleeve serve to give a feeling of comfort and a

luxurious flavour to the interior. In addition to fulfilling an aesthetic function, door sill covers are also practical because they prevent mechanical damage to the sills.

... YOUR DELIGHT...

The **Melody** car radio features an AM/FM receiver, RDS, CD player, easy encoding, a 4 x 20 W amplifier and connection for a handsfree set (AAO 600 011)

The **Stream** car radio features an AM/FM receiver, RDS, MP3-compatible CD player, large DOT-display indicating outdoor temperature and time, and a connection for parking radar, Climatronic, and a handsfree set. It can be controlled from the multifunctional steering wheel and connected to the Maxi-DOT dashboard display or a CD changer. (AAO 600 012)

The **Audience** car radio is the top model in our line of car radios. It has functionalities similar to the Stream MP3 unit, including the large DOT-display and an MP3-compatible CD player. In addition it is equipped with an integrated 6-CD changer. (AAO 600 013)

... AND THE PLEASURE OF YOUR SENSES

The **Nexus** navigation system based on the DX platform with the dynamic module (TMC) enables you to receive traffic reporting and adapt your route to up-to-date information. Of course you can also use it to play CDs and connect a CD changer. (AAN 600 002)

The **Cruise** navigation system supports map data on the TravelPilot E platform and offers the Koridor function which under certain circumstances enables uninterrupted navigation to the specified destination even when the navigation CD is ejected. It is also MP3-compatible. (AAN 600 001)

6-CD changer designed to be installed in the luggage compartment (AAP 600 001)
Connecting cable for installation of a CD changer (AZO 000 002)

Mobile phone holder for cars equipped with the universal GSM phone preparation with a handsfree set (ATC 600 001-0XX – depends on the phone type)

After the leather-bound elements have satisfied your sense of touch, we have also prepared something for your sense of hearing. Even the most demanding customers will be able to choose from our three uniquely designed car radios. Furthermore, only the original car radios can get the most from all the technical equipment and can preserve the compact

impression of the car's interior. Your driving pleasure will also be greatly enhanced by the Nexus and Cruise navigation systems which will reliably lead you to your destination, or a 6-CD changer designed to be installed in the luggage compartment.

IF YOU DECIDE TO GO FOR MORE COMFORT...

Cruise control for all engine versions (BEA 600 002)

Sunblind for Octavia (DEA 610 001)

Front mud flaps (KEA 600 002)

Rear mud flaps (KEA 600 001)

Foot mats of rubber and textile (DCC 600 001)
 Foot mats of textile PP (DCA 600 001)
 Foot mats of textile PA (DCA 600 002)

Foot mats 4x4 of textile PA
 (DCA 600 003)

Foot mats Sport Line of textile PA
 (DCA 600 004)

Even practical and useful things can look elegant and valuable. One example of this are the 4-piece sets of foot mats from rubber and textile, through polypropylene (PP), up to high-quality mats made of polyamide (PA). These are all products which fit the new Octavia like a glove.

The sunblind offers greater comfort to passengers in the rear. One doesn't need to write much about the importance of mud flaps – they are a benefit for your Octavia and for the drivers behind you. The cruise control will then help you stay easily within speed limits.

... YOU ALSO GAIN GREATER USER VALUE...

Trunk grille for Octavia Combi (DMM 620 001)

False boot floor, 3-part (DAA 610 001-003 for Octavia, DAA 620 001-003 for Octavia Combi)

Storage box behind rear seats for Octavia Combi (DMB 620 001)

You can improve the already fantastic and well-designed luggage space of the new Octavia still further with Škoda Genuine Accessories. Do you need to separate the passenger seating area from the luggage

space in the Octavia Combi? We offer you the trunk grille. Do you want to prevent your luggage from moving around? Get the multi-piece netting system. For those who love cleanliness, we recommend

Is there something which does not fit into the luggage area? Put it on the roof! The first condition for this is a high-quality basic roof rack. Our ones have also undergone the demanding CITY CRASH safety test. For lovers of water sports we offer a surfboard holder, and for drivers who want to spend their free time on a bicycle, we offer two different

lockable bicycle carriers. Don't miss the offer of Škoda bicycles: your authorised Škoda partner can give you an overview of them. Another classic item is the removable tow bar, which can pull a trailer weighing up to 1,600 kg.

... DURING ANY SEASON OF THE YEAR

Lockable luggage box (LBT 000 002)

Lockable rack for skis or snowboards with aluminium profile (LBB 000 001)

Lockable rack for skis or snowboards (LBT 071 027)

If you want to go skiing in the winter, you can be sure that with Škoda Genuine Accessories you won't have to deal with the dilemma of where to put your sports equipment. If you choose one of the two ski racks, you can safely transport at least 4 pairs of skis or 2 snowboards.

If you choose the roof box, your transportation capacity is increased to 5 pairs of skis or 4 snowboards. The luggage box has an impressive storage space of 360 litres.

YOU DECIDE ABOUT THE SAFETY OF YOUR LITTLE ONES

Original Škoda child seats have undergone demanding tests and simulations with excellent results.

There is no doubt as to the basic function of a child seat: to protect the child from danger. But for a child seat to perform its function successfully, it must correspond to the size and weight of the child. Therefore we offer you original Škoda child seats for all age categories of children up to 12 years or up to 36 kg. Your Octavia is also equipped

as standard with a proprietary system for attaching two child seats with the safety system ISOFIX. This makes it possible to fix child seats of this type directly to the car body, which represents the highest level of safety currently available. Child seat ISOFIX G 0/1 can be fixed to the passenger's seat, if equipped with ISOFIX brackets.
